

SENAPATHY KANGAYAM CATTLE RESEARCH FOUNDATION

***Annual
report***

2022-2023

Conservation & Breeding centre

ABOUT US

Senaapathy Kangayam Cattle Research Foundation (SKRCF) is an in-situ conservation and breeding center based in Kuttapalayam in Tirupur district of Tamil Nadu. It also functions as a resource and research center working on conservation of native breeds of cattle. Awareness is focused more intensively for the Kangayam breed and Korangadu, a unique silvi pastoral land and farming system which is unique to kongu region, mid-western Tamil Nadu .

Our objectives:

- To raise awareness about the Kangayam breed and its uniqueness.
- To provide pedigree and stud animals to needy pastoralists and groups. To contribute to the debate on Animals Genetic Resources and influence state policies.
- To explore ways and means to protect and use Korangadu silvi pastoral system for the conservation of Kangayam breed.
- To associate with individuals and organizations involved in conservation and sustainable use of agro biodiversity and strengthen its cause.
- To explore ways to use the Kangayam breed in the modern context.

ANNUAL REPORT 2022-2023

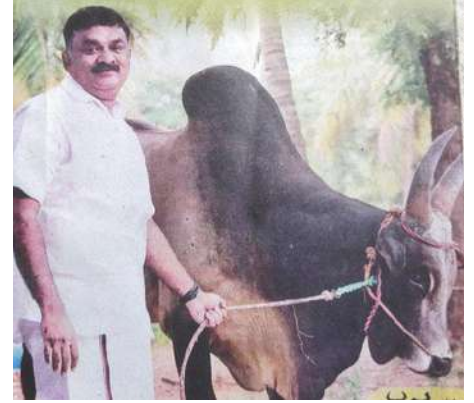

FROM THE CHAIRMAN'S DESK

Dear Esteemed Members and Supporters,

As we reflect on the activities of the Senapathy Kangayam Cattle Research Foundation (SKCRF) from 2022 to 2023, I am delighted to share with you the remarkable journey and impactful initiatives that have shaped our commitment to native breed conservation, sustainable agriculture, and environmental care.

Throughout the year, SKCRF has continued to be a beacon of hope for the conservation of our indigenous cattle breeds. Our dedication to the cause was evident in various programs and events that aimed to raise awareness, foster collaboration, and drive positive change.

We hosted numerous school visits, including notable events like the visit from students and teachers of CS Academy, Coimbatore, and Navarasam Matric Higher Secondary School. These interactions were not only educational but also inspirational, igniting a sense of curiosity and respect for our cultural heritage and the importance of cattle in our agricultural ecosystem.

In line with our commitment to fostering a deeper understanding of native breeds, SKCRF organized and participated in various events. Visits from officials, livestock keepers, farmers, and cooperative societies showcased our collaborative efforts, reinforcing the importance of a united front in the pursuit of sustainable agriculture and cattle research.

Our Facebook Live sessions have been a powerful tool for disseminating knowledge and connecting with a broader audience. Experts have shared valuable insights, contributing to a more informed and engaged community.

The foundation also actively participated in cultural events, such as Pongal celebrations and the Alanganallur Jallikattu. These events not only allowed us to celebrate our traditions but also provided a platform to emphasize the importance of native breeds in our cultural practices.

Our commitment extends beyond cultural events to critical issues like water conservation. Such endeavors align with our broader goal of promoting environmental sustainability and responsible resource management.

Additionally, I am pleased to share that SKCRF has published a book titled "Thunderous Run, Bountiful Harvest: Bull Scapes of Tamil Geography." Authored by Thiru Sundar Ganesan, Director of Roja Muthiah Research library, Chennai and Trustee, SKCRF, Thiru Karthikeya Sivasenapathy, Managing Trustee, SKCRF, and Thiru Karthik Prema Rajkumar, Architect, Thinai Foundation, the book encapsulates the complete process of Jallikattu and the people's architecture around it, highlighting the spirit of the sport and the ingenuity of its organizers from times immemorial.

ஆங்கிலத்தில் ஜல்லிக்கட்டை பற்றி ஆலாசனப்படுத்தும் நோக்கில் அறிவியல் மற்றும் தொன்மையான பல விவரங்களை தொகுத்து அயலக தமிழர் நல வாரிய தலைவர் கார்த்திகேய சிவசேனாபதி எழுதிய "Thunderous Run Bountiful Harvest - Bull Scapes of Tamil Geography" என்ற புத்தகத்தை தமிழ்நாடு முதலமைச்சர் மு.க.ஸ்டாலின் அவர்கள் தேர்ந்து (13.3.2023) வெளியிட்ட ஜல்லிக்கட்டு வீரர்கள் பெற்றுக் கொண்டனர். உடன் தமிழ்நாடு அமைச்சர்கள் மற்றும் முக்கிய பிரமுகர்கள் உள்ளனர்.

'விடுதலை', 14.03.2023

ANNUAL REPORT 2022-2023

As we look ahead, the foundation is exploring diverse avenues for collaboration and outreach. Our ongoing efforts to register for Corporate Social Responsibility activities signify our commitment to contributing positively to society, supporting initiatives aligned with our values.

In conclusion, the year 2022-2023 has been a testament to the resilience and dedication of the SKCRF community. Together, we have made strides in native breed conservation, environmental awareness, and sustainable agriculture. The journey continues, and with your continued support, SKCRF aims to be at the forefront of positive change in the years to come.

Thank you for being an integral part of our journey.

Warm regards,

Chairman,
Senapathy Kangayam Cattle Research Foundation

OUR ACTIVITIES:

Radhakrishnan IAS visits SKCRF:

IAS officer Mr. Radhakrishnan on 21.07.2022 visited SKCRF, accompanied by senior officials from the Food and Civil Supplies Ministry, livestock keepers, farmers, and representatives from cooperative societies. The visit underscores a collaborative effort between the government and stakeholders to stimulate growth and tackle challenges in the fields of cattle research and agriculture. In essence, it provided a platform for comprehensive dialogue and cooperation aimed at advancing the agricultural sector.

Discussion on Lumpy Skin Disease:

Lumpy skin disease (LSD), caused by the lumpy skin disease virus (LSDV), manifests through symptoms such as fever, reduced milk production, and skin nodules in infected cattle. Additionally, temporary or permanent infertility may affect both cows and bulls. In an effort to raise awareness about this issue, SKCRF organized a live Facebook discussion on September 16, 2022, featuring Dr. Punniyamoorthy as the speaker. The discussion likely aimed to disseminate crucial information about Lumpy Skin Disease, its impact on livestock, and potential preventive measures to a wider audience through the popular social media platform.

Preventive Measures for Livestock Diseases in the Pre-Monsoon:

On September 23, 2022, SKCRF conducted a Facebook Live session focused on the topic "Preventive Measures for Livestock Diseases in the Pre-Monsoon Season" featuring Professor Dr. Kumaravelu as the speaker. During the session, Dr. Kumaravelu discussed strategies and measures to safeguard cattle from diseases, emphasizing the importance of taking proactive steps before the onset of the monsoon season.

LIVE STREAMING

FB.COM/SKCRF | YOUTUBE.COM/SKCRF

Climate Change and Consumerism:

On October 8, 2022, SKCRF organized a Facebook Live session featuring Kovai Sadhasivam as the speaker discussing the connection between Consumerism and Climate Change. Mr. Kovai Sadhasivam delved into the connections between consumerism and climate change, addressing the impact of consumption patterns on the environment and potential shifts in climate conditions.

Health Out of Waste:

On October 22, 2022, Thirumathi Chithra Krishnasamy featured on a Facebook Live session with SKCRF addressing the topic "Health out of Waste," succinctly termed as "HOW." Thirumathi Chithra Krishnasamy delved into discussions on innovative approaches and strategies for deriving health benefits from waste materials. The "HOW" initiative explored sustainable practices related to waste management and its potential impact on overall well-being.

Only Planet to live:

On October 15, 2022, Thirumathy R. Revathy appeared on a Facebook Live session with SKCRF on the topic "All New Earth". She discussed the severity of frequent climate change warnings, emphasizing the critical importance of environmental consciousness. The discussion centered around the idea that there is only one Earth, underscoring the need for collective efforts to address climate change and preserve the planet.

Today's Agriculture:

On November 5, 2022, Thiru. Suruliappan, MSc. Agri, Deputy Director of Agriculture at Tirupur Collectorate, appeared a Facebook Live session conducted by SKCRF to discuss on the topic "Today's Agriculture". This session featured insights on contemporary agricultural practices, challenges, and advancements. The Facebook Live event aimed to provide valuable information and engage the audience in discussions about the current state of agriculture, particularly focusing on the perspectives of Thiru. Suruliappan, an expert in the field.

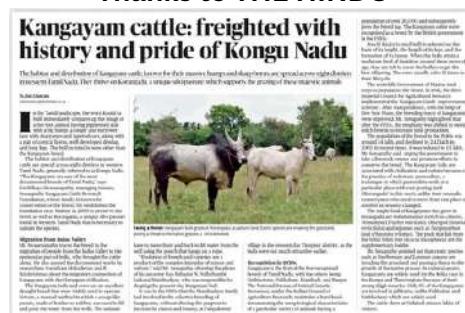

Women and Climate Change:

On November 12, 2022, SKCRF organized a Facebook Live session featuring Gowthami Subramaniam, an independent journalist and documentary filmmaker. The topic of discussion was "Women and Climate Change." Gowthami shared her insights on the unique challenges women face in the context of climate change, exploring their roles, contributions, and the intersectionality of gender in environmental issues.

Urban Wildlife - History and Conservation:

On November 26, 2022, SKCRF organized a Facebook Live session featuring Mr. Murugan. The topic of discussion was "Urban biodiversity - History and Conservation". During this session, Mr. Murugan shared insights on the conservation of biodiversity in urban areas, exploring the historical context and emphasizing the importance of wildlife conservation.

Thanks to THE HINDU

Sustainability – A Way of Life:

On December 3, 2022, Meenakshi Umesh, Managing Trustee of Puvitham Trust, spoke on a Facebook Live session conducted by SKCRF on the topic "Sustainability – A Way of Life." Meenakshi shared perspectives on adopting sustainable practices in various aspects of life. The discussion covered topics such as eco-friendly living, responsible consumption, and the importance of incorporating sustainability into daily routines.

Trees and Soil:

On December 10, 2022, SKCRF organized a Facebook Live session featuring Mr. Gowtham, Thuligal Arakatalai. The topic of discussion was "Soil and Trees." This session explored the interconnected relationship between soil and trees, discussing their importance in environmental sustainability and agriculture.

Contribution Request for "Thunderous Run, Bountiful Harvest":

Thunderous Run, Bountiful Harvest: Bull Scapes of Tamil Geography, is a book published by SKCRF and written by Thiru Sundar Ganesan, Director, Roja Muthiah Research library, Chennai and Trustee, SKCRF, Thiru Karthikeya Sivasenapathy, Managing Trustee, SKCRF, and Thiru Karthik Prema Rajkumar, Architect, Thinai Foundation. This book contains the complete process of Jallikattu and the people's architecture around it. It encapsulates the spirit of the sport and the ingenuity of its organizers from times immemorial. SKCRF has invited individuals and organizations aligned with their ideology to contribute donations towards the foundation in support of its initiative.

Water Resource Development:

On December 17, 2022, Thiru. Karthikeyan, faculty of Geography and Forestry at Shankar IAS Academy, a policy consultant, and a member of the State Planning Commission, appeared on a Facebook Live session conducted by SKCRF on the topic of "Water Resource Development." He shared expertise on various aspects of water resource development, discussing policy considerations, sustainable practices, and effective management strategies.

Man and Wildlife Conflict:

On December 24, 2022, Dr. Krish Asokan, a Veterinary Assistant Surgeon from the Tamil Nadu Animal Husbandry Department, joined a Facebook Live session on the topic of "Man and Wildlife Conflict." with SKCRF. Dr. The discussion covered aspects such as mitigation strategies, coexistence measures, and the role of veterinary and animal husbandry professionals in managing these conflicts.

Note: The corresponding form has been approved and this letter has been digitally signed through a system generated digital signature.

Officially registration to engage in Corporate Social Responsibility:

On January 3, 2023, the Senaapathy Kangeyam Cattle Research Foundation officially registered to engage in Corporate Social Responsibility (CSR) activities. This registration underscores the foundation's commitment to social welfare, environmental sustainability, and community development. It signifies an active role in contributing positively to various societal causes.

Water Conservation:

On December 31, 2022, a Facebook Live session took place on the SKCRF page, featuring Mr. Nimal Ragavan, recognized as a "Water Warrior of India." Mr. Nimal Ragavan shared his expertise and insights on water conservation, addressing the importance of preserving and protecting water bodies.

Snakes and Snake bites:

On January 7, 2023, Mr. Ganesh M, an expert in reptile captive management, discussed on a Facebook Live session with SKCRF on the crucial topic of "Snakes & Snake Bites." He shared valuable insights on snake behavior, safety measures to prevent snake bites, and the appropriate management of snake encounters.

Interview with Nakeeran and Ananda Vikatan:

The interview conducted by Nakheeran with Thiru Karthikeya Sivasenapathy on 12-01-2023, Managing Trustee of SKCRF, delved into the significance of native breeds in agriculture. During the show, the Managing Trustee elaborated on the intricate aspects of 'cow politics' in the country, further shedding light on the historical context of cattle conservation dating back to the British era in India. The interview provided valuable insights into the challenges and importance of conserving native cattle breeds for both agricultural and cultural sustainability.

www.Kangayambull.com

Another interview published on January 12, 2023, by Nakheeran with Thiru Karthikeya Sivasenapathy, the Managing Trustee of SKCRF, featured him as a special guest for the occasion. During the show, Thiru Karthikeya Sivasenapathy shared insights on the importance of local or native food in the current climate era, emphasizing its significance for health.

Pongal Festival at SKCRF:

Over 300 students and 30 teachers from Navarasam Matric Higher Secondary School celebrated the Pongal festival at SKCRF On 13th January, 2023. The festive event included active participation from students belonging to classes 1 to 5, fostering a sense of community and cultural celebration. SKCRF celebrated the Pongal festival on January 15, 2023, recognizing it as a special occasion for the cows. The joyous event reflects SKCRF's commitment to native breed conservation, emphasizing the cultural and agricultural significance of Pongal in the context of cattle welfare.

Fish species in Cauvery River:

On January 21, 2023, Thiru. Ramamoorthi, a science teacher from Tiruvarur, spoke on a Facebook Live session with SKCRF on the topic "Introduction to Fish Species in Cauvery". He shared insights into the diverse fish species found in the Cauvery River, providing valuable information about the aquatic ecosystem.

Visiting Jallikattu:

On January 21, 2023, Karthikeya Sivasenapathy, the Managing Trustee of SKCRF, visited Alanganallur Jallikattu. Post the Jallikattu protest, Tamil Nadu has re-established its strong connection with culture and nature. The event witnessed significant participation from the youth, showcasing a renewed enthusiasm for the traditional game. It's noteworthy that the Tamil Nadu government is contemplating the construction of a dedicated stadium for Jallikattu.

Conserving Tropical Dry Evergreen Forest:

On February 4, 2023, Mr. S. Vimalraj and Mr. K. Ram from Indigenous Biodiversity Foundation presented on a Facebook Live session with SKCRF on the topic "Hope on Conserving Tropical Dry Evergreen Forest(TDEF)." They explained strategies for the conservation of TDEF, emphasizing the importance of preserving this unique and endangered ecosystem.

Waste Management:

On March 10, 2023, SKCRF hosted a Facebook Live session featuring Thirumathi Valli Durairaj from "Oor Koodi Oorani Kaapom." The topic of discussion was "Waste Management". Thirumathi Valli Durairaj likely shared valuable insights on responsible waste management practices, emphasizing the importance of sustainability for the well-being of communities and the environment

Publication of "Thunderous Run Bountiful Harvest":

Thunderous Run, Bountiful Harvest means Adhira Odinal, Mudhira Vilayum, is an ancient saying of the Tamils, especially in the land of Jallikattu which literally means the run of the bull ensures a bountiful harvest. The book was released by the honorable Chief Minister on 14.03.2023. The CM presented the first copy of the book to Jallikattu players. Thiru P. Moorthy, Honorable Minister, Department of Commercial Taxes and Registration and several environmental scholars also joined the event.

Stalin releases book on jallikattu agitation

Chief Minister M.K. Stalin releasing *Thunderous Run, Bountiful Harvest* in Chennai on Monday. SPECIAL ARRANGEMENT

The Hindu Bureau CHENNAI

Tamil Nadu Chief Minister and DMK president M.K. Stalin on Monday released *Thunderous Run, Bountiful Harvest*, a book on jallikattu authored by DMK environment wing secretary Karthikeya Sivasenapathy, at the party head office in Chennai.

"During the Marina revolution in 2017, while fighting against the ban on jallikattu in the Madras High Court and the Supreme Court, we realised that there is not enough documentation for jallikattu in English, like Derby

races, to submit in court and substantiate our arguments," Mr. Sivasenapathy said.

His team consolidated the documents and, with the help of the Director of Roja Muthiah Research Library, G. Sundar, and architect Karthik, it collected many pieces of scientific and archival evidence, he said.

Ministers Duraimurugan, R. Sakkarapani and P. Moorthy; former MP R.S. Bharathi; DMK environment wing deputy secretary Pasha Selvakumar; Mr. Sundar, Mr. Karthik and jallikattu enthusiasts attended the event.

A Day in SKCRF:

SKCRF welcomes Schools, colleges, IT and other company employee's institutional visits to experience kangayam cattle and Korangadu to learn about rain water harvesting, afforestation environment and biodiversity. It aims to shed insights into native livestock, livestock-based farming, environmental conservation, biodiversity, rainwater harvesting, and sustainable livelihood practices.

- Students from The Aalam Montessori School embarked on an educational visit to SKCRF on 27.08.2022,
- On November 18, 2022, students from Golden Gates Earth School, Salem spent a day at the SKCRF.
- On November 30, 2022, students from Siva Nikethan School in Tirupur spent a day at SKCRF.
- On December 13, 2022, students from Chettinad Vidya Mandir in Karur immersed themselves in learning for a day at SKCRF.
- On January 7, 2023, CS Academy from Coimbatore spent a day at SKCRF learning from the nature and livestock.
- On January 28, 2023 students from GRD Public school, Coimbatore visited SKCRF for a day trip.
- On January 23, 2023 students from Vanjiamman Vidya Vikas Matriculation School visited SKCRF. SKCRF conducted kummipaatu about korangaadu and offered tree saplings to the students.

Visitors:

- On September 15, 2022, N. Sai Charan and S. Siva Saravanan from The Hindu newspaper conducted a visit to SKCRF.
- On September 16, 2022, professionals from the State bank of India Professionals visited SKCRF
- On October 9, 2022, Thiru Pa. Chidambaram from the Congress Committee, visited SKCRF.
- On December 8, 2022, Mr. Paarur Parathy visited SKCRF.
